Sir

I saw
your names in the revised
History of the U. S. Mint
as reliable coin dealers
I have no coins for
sale but would like to
buy some of the early
Colonial coins in fine
condition. Have you any
of Hards Irish coins? or
any of the copper coins
in use in this country before
the U. S. Mint was established?
If so please send me
a list and prices. Also

give me the address of the
best paper on pneumonic
subjects as I have none
and oblige
